### **DETAILED ACTION**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Norman Latker on 11/23/2005.

As claims 2-7, and 10-13, the phrase "a method" should be replaced by "the method" at line 1, since the cited claims are dependent on the base claim 1.

As to claims 15-20, and 23-26, the phrase "a receiver" should be replaced by "the multi-user receiver" at line 1, since the cited claims are dependent on the base claim 14.

### ***Allowable Subject Matter***

Claims 1-7, 10-20, and 23-26 are allowed. The following is an examiner's statement of reasons for allowance:

As to claims 1-7, 10-20, and 23-26, the prior art of record fails to teach processing the sequence of complex samples comprises partitioning the samples into real and imaginary parts, and processing the real and imaginary parts separately to determine the soft decision values; and wherein the real and imaginary parts of the samples are related to the transmitted symbols by an expression having a form as

recited in the claims, wherein processing the sequence of complex samples comprises inverting the expression to determine the soft decision values of the elements of b.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
